IN RECOGNITION OF MR. WILLIAM SCHMIDT

HON. J. DENNIS HASTERT

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Thursday, April 14, 2005

Mr. HASTERT. Mr. Speaker, I would like to congratulate Mr. William Schmidt, the Village President of Hampshire, Illinois, on his more than 40 years of service and devotion to the Village and its residents. After arriving in Hampshire in 1945, Mr. Schmidt taught history at Hampshire High School for 23 years. His commitment to his students and to the community's young people is evident in his enduring relationships with many of these individuals.

Bill Schmidt began his public service in 1980 as a Village Board member. He was subsequently elected to a 4-year term as Village Trustee in 1981. First elected as Village President in 1985, Mr. Schmidt was then elected to four additional successive terms, serving a total of 20 years as Village President.

During his tenure, Bill worked to ensure a diversified tax base for the Village by expanding the Village's boundaries to include the I-90 and U.S. 20 interchange, securing more than \$7 million in public investment that leveraged nearly \$100 million in private investment, and securing new businesses that created more than 750 new jobs.

Bill and his late wife, Dorothy, have helped to position Hampshire for a successful future by building on the community's history, values and respect for each of its citizens. I would like to extend my thanks to Bill Schmidt for his many years of service and dedication to the people of Hampshire, Illinois. The Village of Hampshire is certainly fortunate to have benefited from his talent and expertise for so many years.

REGARDING CLEAN CRUISE SHIP
ACT OF 2005

HON. SAM FARR

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, April 14, 2005

Mr. FARR. Mr. Speaker many Americans enjoy taking cruises, in large part because they get to see some of the nation's most beautiful marine ecosystems. Because I want to see these beautiful marine ecosystems protected for future generations to enjoy, I am introducing The Clean Cruise Ship Act of 2005.

The Cruise Ship Industry has experienced much success over the past few years. In fact, the industry has grown an average of 10 percent per year over the past 8 years, including an almost 17 percent increase in 2000. Unfortunately, as it grows, its potential to negatively affect the marine environment grows as well. Over a week's time, a single 3,000 passenger cruise ship, according to EPA and industry data, generates a tremendous amount of waste: Over 200,000 gallons of black water (raw sewage) are created. Approximately 1 million gallons of gray water (runoff from showers, sinks and dishwashers) are produced. More than 35,000 gallons of oily bilge water (oil and chemicals from engine maintenance that collect in the bottom of ships and are toxic to marine life) are generated. Isn't it reasonable to think that these ships should be subject to the same wastewater regulations as those governing municipalities of comparable size? I think so.

While many cruise ship companies have environmental policies in place, many are voluntary with no monitoring or enforcement provisions. Unfortunately, I am all too familiar with
